PRESIDENT AND CABINET IN A LENGTHY DISCUSSION.

UP ON BOAT SITUATION

Chairmen Stone and Flood Also Talked to Lansing—War News of Today.

Special to The Democrat-Forum.

Washington, March 31.—The president and his cabinet again discussed the submarine question at length this morning. In the absence of a report from Ambassador Garard at Berlin, no decisive action was agreed upon.

It is understood that Germany has furnished certain information to him which is now on the way by cable, which seeks to defend the sinking of certain vessels which refused to stop on signal.

In the Sussex case, it is believed that Germany admits that the situation is serious if it is shown that the ship was torpedoed without warning, and steps will probably be taken to satisfy the United States.

Senator Stone and Representative Flood, chairman of the foreign relations committee of congress, discussed the general international situation with Secretary Lansing. He later explained that the conference was informal and that no arrangements or suggestions of bringing the submarine situation to the attention of congress had been made.

Captured Outlying Verdun Village.
Paris, March 31.—In a fierce night attack the Germans captured Malancourt six and a half miles northwest of Verdun, according to the French statement. The assault was delivered on three sides of the village which was a mass of ruins.

Will Mr. Robey or His Supporters Answer This? Can Mr. Wright's Opponents Meet These Facts?

TO THE VOTERS OF MARYVILLE:

Gentlemen: Both of the Maryville dailies having in editorials opposed the re-election of U. S. Wright as Mayor, I desire to take issue with them.

The Democrat-Forum's editorial, which appears to have been written by James Todd himself, stated in effect that the wet and dry issue was settled on February 3rd, and was not an issue in this campaign.

This view is not borne out by history, as any of you who have been observers know that in many a community that has voted dry there has been nearly as much liquor sold as before, simply because of lax, indifferent, or inefficient officers who failed to enforce the law. It is also true that such a failure to enforce the law usually results in the community going back to the high license system at the next opportunity to vote.

This community is an average community, and we may expect that many attempts will be made to violate the local option law, and the only way to prevent such violation is by eternal vigilance and watchfulness and vigorous prosecution in every case.

The enforcement of the law depends largely on the ability, strength of purpose and fearlessness of the Mayor, and Mr. Wright has proven himself the kind of man who will enforce the law, even to the extent of spending his own money, when necessary, to secure evidence against violators thereof.

Examination of the police court records during Mr. Wright's administration shows that there has been a vigorous campaign all the time against gamblers, illegal booze sellers and prostitutes, the three greatest evils any community can have, and also the three most tenacious and persistent law breakers.

What about Mr. Robey? Will he make a persistent, fearless attempt to suppress these things?

My knowledge of his temperament and official record does not indicate that he will.

There was much gambling, illegal liquor sales and kindred offenses during his term as Mayor, and little apparent attempt on his part to correct the same. A certain gambler operated for a long time on the public square. Many people knew what was going on and it was generally discussed, but Mr. Robey seemed blind to the matter. A little later, the state officials brought this party into court and charged him with gambling and with running a gambling room, and he came into open court, followed by Mr. Robey, who was then Mayor, and Mr. Robey then and there went upon this gambler's bond (see Book Z, page 297, records of Circuit Court of this county, Circuit Clerk's office). This occurred on March 2nd, 1912, and in May, the same year, the gambler came into court, pleaded guilty to both charges and was fined \$25.00 and costs in each case, but I do not recall that he was ever prosecuted in the city court.

An examination of the records of the police court for the last year, under Mr. Wright's administration, shows a vigorous campaign for a morally clean town, and something over \$2,500.00 in fines assessed, which is, I think, a record along this line never equaled in this city.

An examination of Mr. Robey's police court records shows a marked contrast, and that he seldom mustered up courage to assess a fine of more than \$1.00.

My Respects to Mr. Hull of the Tribune.

Mr. Hull's editorial several days ago attacking Mr. Wright indicates that he is sore at Mr. Wright because he refused to call the Commission Government election at the time Mr. Hull wanted it called. The Mayor refused to call said election because he honestly believed there was danger of it invalidating the local option election. He was supported in this opinion by many good attorneys, and I believe that every really dry man in town thought it the part of wisdom to do as Mr. Wright did—that is, take the safe course, which is always the best.

Then Mr. Hull also blames Mr. Wright for not getting along with his Board of Aldermen. The

facts are that a majority of said board entered into an agreement to vote together on all propositions. This scheme was evidently engineered for the express purpose of embarrassing Mr. Wright, and did succeed in making him much trouble, and under the same conditions I do not believe any man could have gotten along with that Board of Aldermen, without the sacrifice of his self-respect.

To return to Mr. Robey. By long practice he has become an adept at "carrying water upon both shoulders," dodging issues and getting upon both sides of propositions, which, together with his lack of backbone and singleness of purpose in my opinion absolutely unfit him for the office of Mayor of Maryville at this critical time.

On the other hand, I believe that every voter desiring a morally clean town and a demonstration that this city can be run successfully in spite of its reduced revenues, should support Mr. Wright, because he is a positive character, persistent and fearless, does his own thinking and does what he believes to be right, regardless of consequences or outside influence.

I think I hear some fellow say, "Well, where do you come in on this fight? What business is it of yours?" The answer is: I have been a citizen of this city all my life, have spent a lot of time, energy and money in promoting its welfare; am deeply interested in its future, always have my opinions on public questions and believe I have a right to express them.

I anticipate that Mr. Hull of the Tribune will probably sit himself down at his trusty typewriter and proceed to burn me. That's his privilege, and he's welcome to all the satisfaction he may be able to get out of it. I only ask that he play the game fair and sign his dope with his own name as I sign mine, and that he refrain from dragging out those poor old decrepit moth-eaten nom de plumes of his, "A Prominent Citizen" and "E Pluribus Unum." They're time-worn, Fred; let them rest in peace.

Yours truly,

F. P. ROBINSON.

VILLA AND U. S. FORCES FOUGHT

OFFICIAL NOTICE TO FUNSTON, BUT NO DETAILS.

BATTLE PROBABLY GUERRERO VICINITY

Authentic Indications That Carranza Garrison of Four Hundred Was Slaughtered.

Special to The Democrat-Forum.

San Antonio, March 31.—An engagement has been fought between Americans and Mexicans south of the border, according to reliable information received today by General Funston.

The general himself said that he believed that General Pershing's forces had been in contact with the Villistas but had received no news of the extent or outcome of the battle.

In a statement to the public, the American commander warns the public not to get excited over any news of victory which may emanate from sources friendly to Villa. If the battle has been fought, it was probably in the vicinity of the Guerrero.

Early Report of Location.

San Antonio, March 31.—General Funston announced today that he had reliable information that Villa is operating along the Mexican-Northwestern railway, fifty miles west of Chihuahua, in close proximity to the American troops.

The bandit's forces have been largely augmented, and he will probably make a stand. Funston is said to expect a contact between the troops soon.

400 Carranzistas May Be Slain.

Washington, March 31.—Unofficial advices have been received by government officials which indicate that nearly 400 Carranzistas may be slain by Villa at Guerrero unless a part of the garrison joined Villa. Villa is said to have surprised them with large forces.

General Herrera to Rescue.

El Paso, March 31.—Carranza's General Herrera with 1,200 troops is on his way from Chihuahua to Guerrero, where Villa is reported to have massacred a constitutionalist garrison. Consul Gariar said that he expected at any hour to hear of a big battle.

Funston Hopeful of End.

San Antonio, March 31.—That the flying squadron of the Dadds cavalry has gotten to the south of the Villa's force and pressing the bandit northward to other American forces is the belief at San Houston following the information that Villa is located sixty miles east of Chihuahua. General Funston is more hopeful than at any time that Villa will be trapped and captured within the next few days probably.

Villa Led a Raid.

El Paso, March 31.—Villa in person led the band of troops that massacred hundred and seventy-two Carranzistas soldiers at Guerrero and with his own hands killed more than a dozen according to a report reaching the border. Advices assert the Villistas are overrunning the entire Guerrero district, robbing, burning and killing.

Villa at Temoachic.

Juarez, March 31.—The mayor of Temoachic reported officially to Gaviira today that he had seen the bandit in this city and that the leader was wounded.

SOMETHING NEW IN TIRES

Barmann Auto Company Announces
The Michelin Universal Tread
Just on the Market.

The Michelin Tire company announces that they have perfected an entirely new type of tire known as the Michelin Universal Tread. This new casing has been developed so quietly that nothing has been known about it even in the trade, yet the company states that it is the result of experiments and tests covering a period of over three years.

For example during the testing period all the buses owned by the Brunswick Motor company were equipped with these new casings. These vehicles cover one hundred and ninety-two miles daily, not only over the fine macadam roads between New Brunswick, Metuchen and Plainfield, N. J., but also over the rough and sandy roads on the South river, Old Bridge, Spotswood, Englishtown and Freehold route. These severe tests were continued daily, both summer and winter. Then again private cars belonging to executives of the company were fitted with Universal Treads, one of these, a seven passenger Lozier used as a testing car, having been driven over one hundred miles daily, excepting Sundays and holidays for over two years.

In describing the new Michelin casing, Mr. Elmer Bagby of the Barmann Auto company, the local representative of the Michelin company, states that the Universal Tread is really a combination of the Michelin racing type flat tread, having the same characteristic heavy added tread, and the Michelin plain tread, a full round tire of the so-called "oversize" type. The non-skid feature, Mr. Bagby says, is a combination of the raised or studded tread non-skid, with the flat or suction tread type.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-Cent Bottle Destroys Dandruff and
Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Wilson Bridge Fell In.

The bridge near the O. F. Wilson farm, southeast of Burlington Junction, fell in yesterday morning. This bridge had been considered dangerous for some time and it was a piece of good luck that it did not take a team or car with it when it went to the bottom of the ditch. The bridge will be replaced with a new cement one next week.—Burlington Junction Post.

WHY DINING CAR CHEFS PREFER KC BAKING POWDER

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K. C. and you will find it just as well suited to your requirements. K. C. is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K. C. Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K. C. Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

Why Missouri Needs A New Constitution

4. Under limitations imposed by the old constitution, cities and towns and other local communities are denied the right of managing their own local affairs. They are unable to make needed public improvements and to provide for their welfare under modern conditions of life. Many rural communities are prohibited by the old constitution from maintaining a good school for more than a few months in a year. Most of the small cities and towns of the state are unable to support a public library on account of limitations imposed by the old constitution. Further progress and development in the small cities and towns of Missouri is made difficult, if not well nigh impossible, by the limitations of the constitution. (To be continued, one reason daily.)

DOG NOMINATES MASTER.

Collie Is Popular, and Saunders Hopes to Be Re-elected.

Sebastopol, Cal.—Probably a unique political announcement has been presented to the electors of Sebastopol in connection with the approaching election.

Gyp is a Scotch collie, a magnificent specimen of his race, a canine aristocrat and a politician, being by far the most popular dog in town. He owns as master John Saunders, town clerk, and is very frequently alluded to as assistant town clerk. A placard issued bears Gyp's portrait instead of that of his master, and he is shown "bringing home the bacon for his boss."

The placard bears the announcement, "Gyp announces that his boss is aspirant for re-election to the office of town clerk."

Gyp's influence is not to be sneered at, as everybody is his friend.

WALKS CONTINENT TWICE.

Burns on Foot Travels Lincoln Highway Both Ways.

San Francisco.—Robert Burns, twenty-eight years of age, of Eureka, Cal., whose credentials credit him with being the world's champion hiker, arrived here on his way to Eureka after traversing the Lincoln highway both ways, covering 7,842 miles on foot.

He left here May 24 last and arrived in New York Sept. 23, leaving Oct. 1 and arriving here Feb. 25.

According to attested records in his possession, Burns beat Weston's record to New York thirty-two days and beat it from New York twenty-three days. Burns claims to have covered the round trip in 163 days. Weston accomplished it in 217 days.

Burns is the first man to cover the Lincoln highway both ways on foot. He made his expenses by advertising stunts. He was employed by the Eureka Development association.

UNCLE JOSH HAS 493 LIVING DESCENDANTS

Youngest Child Fifteen, Oldest Great-Great-Grandfather.

Birmingham, Ala.—The little town of Oneonta, tucked away in the foothills of Alabama's mineral district, has discovered why there are so many Smiths in this region.

Uncle Josh Smith, who lives near that town, is hale and hearty at ninety-nine, and he has 493 children, grandchildren, great-grandchildren, great-great-grandchildren and great-great-great-grandchildren. They are all still alive and will soon have a family reunion. Uncle Josh's youngest child is fifteen, his oldest is a great-great-grandfather.

Here is the way it runs: Uncle Josh's son, Sam Smith; his son, James Smith; his son, Robert Smith; his son, John Smith, and the latter's daughter, aged eight. There is still a younger son of Uncle Josh, William Smith. There is John's son, Sam; a daughter of Sam and her child, Sam, who is a grandfather at the age of thirty-four.

Uncle Josh is a parson and still preaches in the Primitive Baptist churches of his section. He is active, walks five miles any time, has a fine appetite, reads several hours a day and is still a good horseman and rifle shot.

He came to Alabama shortly after it was admitted to the Union. His advent was thrilling. A cyclone overtook him, and he sought refuge in a field where a hay pole stood. According to his story, he held to the pole and was blown around it like a whirling. Finally the pole was uprooted, but he hung on, and he and the pole were landed 300 yards away on the hillside. He's living within a stone's throw of the place now.

ROUGHING STOCK CATTLE

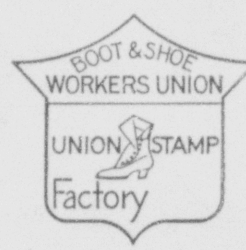

E. Tarry of Pickering Tells Stock Yards Journal—John Slater in Good Sale.

"Farmers and stockmen of my vicinity have a large number of stock cattle, which are being roughed along," said M. E. Tarrey, a successful farmer and feeder of Pickering, who was in today with a load of hogs of his own raising. "Very few cattle are on feed this season, however. The corn crop last season was very poor and what we raised is now all fed out. Quite a bit of corn is being shipped in, which is costing the feeders 75 cents a bushel, which is a stiff price to pay when it does not feed out any better than it does. Most of the corn is soft and immature, and does not put on fat as fast as good corn."

John Slater of Nodaway county sold 9 steers, averaging 1,069 pounds, at \$9, and 15 head, averaging 766 pounds, at \$8.60.—St. Joseph Stock Yards Journal.

What St. Joseph People Say About Vap-O-Rub—"Outside" Treatment

They Find It Better Than Internal Medicines For Croup and Cold Troubles.

In the South everyone uses Vick's Vap-O-Rub Salve for all forms of cold troubles. But when it was introduced in St. Joseph, Mo., for the first time, last winter, the local druggists naturally were skeptical. They did not believe that croup could be relieved in fifteen minutes just by rubbing with Vap-O-Rub, or that colds commonly went in one night. So arrangements were made to present a number of ladies with complimentary jars of Vap-O-Rub on the condition that they give it a thorough trial. Here are the reports from these ladies:

Mrs. C. L. Haden, 2309 S. 15th St., says—"Last winter I had a dreadful bad cold on my lungs, with a tight bad cough. I rubbed Vap-O-Rub on two nights, and the next morning my cough was loose and lungs better. I relieved neuralgia with it in one night, just by rubbing my jaw and putting a little on the tooth, and ironing it in with a hot iron."

Mrs. Sam House, 1206 Prospect Ave., reports—"My little daughter had Diphtheria last fall, and every little cold she takes settles in her throat. During one of her bad spells last winter my druggist sent me a jar of Vap-O-Rub. I used it four nights on her throat with such good results that now I don't like to be without it. I have used it on myself and husband for bad colds, and have found it just fine."

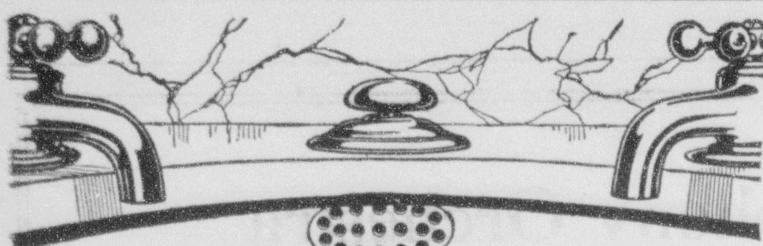

Mrs. John Paynter, 2422 S. 17th St., writes—"My druggist sent me a trial jar of Vick's Vap-O-Rub, which I soon had occasion to try on my 'croupy' baby. Before putting her to sleep for the night I applied Vap-O-Rub over her throat and chest with my fingers. The results proved very satisfactory, and now I would not be without it."

Mrs. M. A. Myers, 2343 Sylvan Ave., says—"When our three-year-old boy had a severe cold last winter I tried Vap-O-Rub, rubbing it on his chest and letting him inhale it, and he was relieved almost immediately, and got better in a few days. We think your remedy is the best thing for colds we have ever used."

Vick's Vap-O-Rub Salve will be found better than internal medicines for all forms of cold troubles—from head colds, catarrh and asthmatic troubles—down to deep chest colds, sore throat, bronchitis or incipient pneumonia. You just rub it well over the throat and chest and cover with a warm flannel cloth and the body heat releases the ingredients in the form of vapors. These vapors, inhaled all night long with every breath, carry the medication through the air passages to the lungs. In addition, Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to relieve the congestion.

Vick's can be had at all first class drug stores in three sizes, 25c, 50c or \$1.00—or we will gladly send a sample free on request. The Vick Chemical Company, Greensboro, N. C.

TAYLOR GLOVER DIES

Succumbs to Heart Trouble While Talking With Daughter—Funeral Services Sunday.

Taylor Glover, 69 years old, died suddenly at his home this morning, on North Fillmore street. He had been ill with heart trouble since last fall,

but was seemingly feeling very well this morning.

His daughter, Mrs. Ida Swink, of Shamrock, Texas, arrived last night for a visit, and he was talking to her this morning. He said he believed he would lie down a while, and went in another room.

Mrs. Glover heard a peculiar sound and went in the room and spoke to

him. Getting no response she went to him. She saw something was wrong and called her daughter, and he was found to be dead.

Mr. Glover was born in Gentry county and came here in 1870. Until the last few years he was in the feed business here. He was married twice and is survived by nine children by his first marriage.

He is survived by his wife and children, who are: John Glover, Omaha; Frank, Harry and Clarence Glover and Mrs. Emma Seiger, St. Joseph; Mrs. Joe Ryan, Savannah, Mrs. Ida Swink of Shamrock, Texas, Mrs. Charles Alexander and Ernest Glover of Maryville.

The funeral services will be held at the Buchanan Street Methodist church Sunday afternoon at 2 o'clock. The Rev. R. C. Holliday will conduct the services.

THOSE PRESENT WERE-WHEW!

Anyway, Walter Hanson and George Palfreyman Entertained Basket Ball Team.

Those present were: Pig-Iron, Dad, Agnes, Chido, Gimlet, Fritz, Father, Hickory, Charley Chaplin, Prexy. That is the way a dinner at the Linville hotel was given to the reporter. A little investigation proved that Director Walter Hanson and Coach George Palfreyman were entertaining the members of the basket ball team of the State Normal school.

And in order that the reader might know who really was there at the banquet and at the line party in the Empire theater which followed, we will translate the above in their respective order as given: Ralph McClintock, Lee Scarlett, Neal Garard, Homer Scott, Walter Scott, Fred Vandersloot, Walter Hanson, Howard Leech, George Palfreyman, President Ira Richardson.

Mrs. Lewis M. Hale and daughter, Hazel Marie, left last evening for Blackwell, Okla., where she was called on account of illness of her mother, Mrs. R. B. Babb.

FRECKLES

March Worst Month for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of othine, double strength, from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.

ST. PATRICK'S CHURCH ENTERED.

Marauders Scared Away and Nothing Was Taken Last Night.

St. Patrick's church was entered last night by forcing the back door. Father Odilo heard the noise and saw some persons running away when he turned the lights on. They came back later, entered the church and turned the church lights on. A guard outside warned them again and they ran away as the priest left his door. No clue to the identity has been found.

Leave for Indiana Home Yesterday. J. C. Mather and D. M. F. Weeks, who were called here by the death of the former's daughter, the late Mrs. F. R. Anthony, left last evening for their home in South Bend, Ind.

"What Fools these Mortals Be"

An honest business family, consisting of manufacturers, jobbers and retailers, is driving through the forest of distribution to the market place. The woods are beset with hungry wolves, and the only safe route is along the well-marked road of intelligent advertising. The driver is a safe and experienced Advertising director and the members of

other, each striving to control. Their weapons are turned against each other and immediately their common enemies, Fraudulent Advertising, Dishonest Merchandising, and Unfair Competition come closer to the sleigh. The wolves realize that their victims are being prepared for them. Their jaws snap eagerly in anticipation of the feast. It is evident that the entire party is doomed if the family conflict continues. One by one the members will be dragged down by the wolves. Their fate is inevitable—but harken! Hear those shouts at a distance! Another party is approaching at top speed! There is yet hope, for it is the Vigilance Patrol maintained by The Associated Advertising Clubs of the World. Business will be rescued! The guns of the truth-in-advertising forces will be turned on the marauders and the family will be conducted to the safety of public confidence.

This is one of a series to Advertise Advertising—by the Associated Advertising Clubs of the World (headquarters Indianapolis). The illustration is used through the courtesy of the publishers of "Puck". The text was prepared by Merle Sidener, chairman of the National Vigilance Committee of the Associated Advertising Clubs. Write for booklet, written for buyers like yourself. Every man or woman who buys any kind of commodities will find it profitable reading.
